Agency

Date Signed: JUN 24 2003

Region 5

REGION 5 DELEGATIONS MANUAL

Purpose. This transmittal provides material for the Region 5 Delegation Manual.

Explanation. Region 5 delegation 7-11 has been revised to authorize the Superfund Division Director to approve grants and cooperative agreements for investigations, demonstrations, surveys and studies relating to the causes, effects, extent, prevention and control of air pollution, as authorized by Section 103(b)(3) of the Clean Air Act, 42 U.S.C. § 7403(b)(3), for the limited purpose of implementing the Risk Management Program mandated under Section 112(r) of the Clean Air Act. There has been no change to the authorities granted to the Air and Radiation Division Director, who was previously authorized to approve grants and cooperative agreements under Section 103(b)(3) of the Clean Air Act.

This revised delegation also has been updated to more closely mirror the provisions of the current Headquarters Delegation 7-11, which became effective on March 3, 1999, including the additional requirement that Agency Senior Resource Officials must review and approve grants and cooperative agreements when total project costs are over \$1 million.

Filing Instructions. Post receipt of this transmittal on the checklist of EPA transmittals in the Region 5 Delegation Manual.
